

PRECISION ENGINEERING

Starweld Engineering are one of the UKs leading precision engineering companies, offering precision engineered parts to a wide range of industries including oil and gas, pharmaceutical, aerospace, military, agricultural and automotive.

Established since 1944, we have earned a great reputation as well as a diverse client base.

Our CNC machining capacity and capabilities ensure that we can meet our customers' needs, and with a commitment to invest in new technologies, you can be assured of both quality and efficiency in all of our work.

Engineering services we offer include:

- CNC Turning
- CNC Milling
- Low or high volume batch production
- Tool manufacture
- 1 offs
- Surface and cylindrical grinding
- Wire erosion
- Spark erosion
- Heat treatment
- Project management

Precision engineering is carried out to exacting standards, with our quality systems ISO9001: 2008 accredited.
